- Laundry Stains

DIRECTIONS

For most cleaning jobs: dilute 1/4 cup of this product per gallon of warm water. After washing, wipe dry with a clean dry cloth.

For tough jobs: dilute 1/2 cup of this product per gallon of warm water. On floors, rinse to avoid slipperiness.

For no-wax floors: dilute 1/4 cup of this product per gallon of warm water. Using a damp mop or sponge, wash floor as usual.

For laundry stains: on colorfast washable fabrics, wet stain and apply this product full strength a few minutes prior to laundering.

INGREDIENTS: Water CAS#7732-18-5, Amide CAS#61789-19-3, Amphoteric Surfactant CAS#N/D, Ethylenediamine Tetraacetic Acid CAS#64-02-8, Fragrance
