CAUTION: HARMFUL IF SWALLOWED.  
EYE AND SKIN IRRITANT. FLAMMABLE  
READ CAREFULLY OTHER CAUTIONS ON BACK PANEL.

1 GALLON

**FANTASTICALLY REMOVES:**

- COFFEE • TEA • BEVERAGES • CHOCOLATE • WINE • FOOD SPILLS • JUICE •
- COSMETICS • ODOR/SWEAT • BLOOD • GRASS STAINS • FECES • PET STAINS •

**Directions:**

**For Carpets, Clothes, Upholstery, Non-Washables:** 1. Test for color fastness by spraying an inconspicuous area. 2. Blot wet stains with a clean, white cloth or paper towel, if possible. Remove any loose grime. 3. Spray stain thoroughly; wait at least 60 seconds. 4. Gently agitate (use brush if necessary), then blot with clean white towel or cloth. Repeat if necessary. 5. For best results on non-washable materials, dry with hair dryer on medium heat. 6. For best results on carpet first apply product according to the instructions. Then place a clean, white cloth or paper towels over the treated area, followed by something flat and heavy like a stack of books. In a few hours, the towel will absorb any excess stain dampness or residue from the stain.

**For Washables:** 1. Spray stain thoroughly, wait at least 60 seconds. 2. Agitate if necessary. 3. Launder as fabric recommendations allow. Repeat if necessary.

**For Walls, Countertops, Floors and Tile:** 1. Spray stain thoroughly; wait at least 60 seconds. 2. Wipe with a clean towel or rinse off. Repeat if necessary.

**CAUTION: HARMFUL IF SWALLOWED. EYE AND SKIN IRRITANT. FLAMMABLE.**

Do not use or store near heat, sparks, or open flame. Use in a well-ventilated area. Avoid contact with eyes and skin. For eye contact, flush with water for at least 15 minutes. Obtain medical attention. For skin contact, wash thoroughly with soap and water. If swallowed, do not induce vomiting. Immediately call a physician.

**KEEP OUT OF REACH OF CHILDREN.**

**CAUTION:** Not recommended for use on latex painted walls, non-colorfast materials or woodwork. Always test on inconspicuous area first.

Ingredients: Water CAS# 7732-18-5, POE Sorbitan Monolaurate CAS# 9005-64-5, Sodium Bisulfite CAS# 7631-90-5, Dodecylbenzenesulfonic Acid CAS# 27176-87-0, Potassium Hydroxide CAS# 1310-58-3
