

An all-purpose, concentrated, synthetic neutral cleaner which is excellent for use on all surfaces not harmed by water. Its controlled sudsing action quickly removes dirt, grease, and grime, leaving the surface film-free.

A vicious, highly concentrated product that is excellent for use in automatic scrubbing machines. It is instantly soluble in hot or cold water, is non-flammable and biodegradable. Its superior penetration and retention allows it to be used at very low cost per gallon dilutions.

Excellent for use on floors, walls, terrazzo, concrete, painted surfaces, vinyl, aluminum, chrome, in offices, industrial plants, schools, laundries, hotels, restaurants, etc...

*Excellent for use on all fiberglass surfaces.

DIRECTIONS

- For light soil: Dilute one part cleaner with 30-40 parts water.
- For med. soil: Dilute one part cleaner with 20-30 parts water.
- For heavy soil: Dilute one part cleaner with 10-20 parts water.

(These directions are suggested and may vary upon conditions.)

INGREDIENTS: Alkanolamide CAS #61789-19-3, Tall Oil Fatty Acid CAS #N/A, Potassium Hydroxide CAS #1310-58-3, Sodium Tripolyphosphate CAS #7758-29-4, Trisodium Phosphate CAS# 10101-89-0
