

LIQUID HAND SOAP

Excellent for all General Washroom Use

**CAUTION
KEEP OUT OF REACH OF CHILDREN**

NET CONTENTS:

LIQUID HAND SOAP

A gentle hand soap made with shampoo grade raw materials that conditions and protects your skin. Concentrated for economical use, it will easily replace messy and expensive bar soaps, ineffective lotions and powdered hand soaps. Excellent for school, office buildings, hotels, etc...

DIRECTIONS

- Apply a small amount to palm of wet hands.
- Gently rub hands together to produce a rich, mild lather.
- Rinse hands well and towel dry.

INGREDIENTS: Sulfonic Acid CAS #68584-22-5, Alkanolamide CAS #61789-19-3, Triethanolamine CAS #N/A
