

LIQUITHAW

LIQUID DE-ICING COMPOUND

5GALLONS

- NON-CORROSIVE TO ALL METALS
- WON'T SPALL, PIT OR FLAKE CONCRETE, CEMENT OR ASPHALT
- WON'T HARM PLANT LIFE OR VEGETATION
- LEAVES NO WHITE RESIDUE
- NON-POLLUTING...DECOMPOSES BIOLOGICALLY
- EFFECTIVE AT EXTREMELY LOW TEMPERATURES
- PREVENTS REFREEZE FOR HOURS

Excellent for de-icing locks, parking meters, loading docks, ramps, platforms, vehicles, steps, entrances, vehicle undercarriages, fire hydrants, railroad switches, etc...

Before a storm, simply spray liberally surfaces to prevent the adhesion of ice formations. After a storm, saturate surface. Product will percolate through accumulated snow and ice, breaking the bond so that it can be removed easily.

Ingredients: Ethanediol CAS#107-21-1, Acid Blue #9, Disodium Salt CAS#3844-45-9
