Ducts.

**Removes**  
Carbon, Grease,  
Oils, Waxes  
and Dirt

**KEEP OUT OF REACH OF CHILDREN**

CONTAINS ALKALINE HYDROXIDES. HARMFUL IF SWALLOWED.  
CAUSES BURNS. WEAR PROTECTIVE CLOTHING AND RUBBER GLOVES.

**5 GALLONS**

### FOR INDUSTRIAL & INSTITUTIONAL USE ONLY

An effective and rapid remover of carbonized and baked on deposits of carbon, grease, oils, waxes and dirt. Excellent for use on motor blocks, machinery, equipment, baking ovens, hoods and ducts. Its fast penetration converts soils to soluble, easily removed forms. Do not use on aluminum, copper, brass, zinc, tin or galvanized metals.

#### DIRECTIONS FOR USE

This product can be sprayed or used in a cold dip tank or soak tank. Do not dilute. Spray evenly and liberally on surface. Allow to penetrate and react chemically for about 5 minutes. Rinse or wipe with a wet cloth or sponge to remove residue. For best results use on a warm surface.

- Can be used satisfactorily on cold surfaces if allowed to sit for 15 to 20 minutes before rinsing off.
- If using on motor block, turn motor off before applying product.
- Extremely heavy encrustations may require a second application.

#### FIRST AID

**EYES** - Flush immediately with large amounts of water for at least 15 minutes.

**SKIN CONTACT** - Flush thoroughly with large amounts of water. Rinse with vinegar.

**INTERNAL** - Drink vinegar or juice of lemons, oranges or grape fruits, followed by milk or egg whites beaten in water.

**CALL A PHYSICIAN IMMEDIATELY.**
