KEEP AWAY FROM HEAT, SPARKS AND OPEN FLAME. HARMFUL OR FATAL IF SWALLOWED. Contains Petroleum Distillates. Use with adequate ventilation. Keep container closed when not in use.

(SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONS.)

FOR INDUSTRIAL & INSTITUTIONAL USE ONLY

SOAKLEEN

A mild parts washing solvent for circulating parts washers. Effectively removes oils, greases, light carbon deposits and soil from metal parts. May be used by wiping, brushing or pressure spraying. Ideal for machine and maintenance shops or any location that needs parts cleaned quickly.

DIRECTIONS

Just add this product to the circulating tank or reservoir of the parts washer. After cleaning, the parts may be blown dry with compressed air or wiped dry with a clean cloth.

CAUTION

IF SWALLOWED DO NOT INDUCE VOMITING.

Call a physician immediately. Avoid breathing vapor and prolonged contact with skin. Although this product is not dangerous to skin on contact, constant exposure, as with any solvent, will dry the skin. Rubber gloves should be worn to insure hand protection.

INGREDIENTS: Hydrocarbon Solvent CAS #64742-88-7
