1 GALLON

FOR INDUSTRIAL & INSTITUTIONAL USE

A heavy duty, concentrated cleaner for all shower room surfaces. Efficiently removes soap, lime and organic residue on numerous surfaces including glass, metal, aluminum, stainless steel, formica, marble, ceramic and glazed tile. Improves the natural beauty, depth and color of any cleaned surface.

DIRECTIONS FOR USE:

Dilute 8 ounces of product to 1 gallon of water.

Apply solution to surface freely with suitable applicator.

Allow solution to stand 5 minutes or more depending upon soil condition.

After soil is loosened, wipe or pick up solution and rinse with clear water.

For heavier soil conditions agitation with scrub brush or rotary floor machine will hasten and improve cleaning time and performance.

TO USE AS A MOPPING SOLUTION ADDITIVE:

Add 2-3 ounces of product to 1 gallon of your regular cleaning solution.

Wet mop or scrub in conventional manner and rinse with clean water.

Waxed or finished floors will buff up noticeable cleaner with more gloss.

INGREDIENTS: WATER CAS#7732-18-5, SODIUM POLYPHOSPHATE CAS# 68915-31-1, NONIONIC SURFACTANT CAS# 127087-87-0, ETHYLENE DIAMINE TETRAACETIC ACID CAS#64-02-8, PHOSPHORIC ACID CAS#7664-38-2
