

Vinylshine

Penetrates, preserves and
beautifies vinyl surfaces

CAUTION

KEEP OUT OF REACH OF CHILDREN

one quart

Vinylshine

A superior vinyl protection product, formulated to impart a durable, detergent resistant film which protects surfaces against harmful ozone, oxygen, ultra-violet rays and many other environmental hazards. Contains anti-static properties which repels dust and dirt, leaving a greaseless but glossy surface.

Penetrates, preserves, beautifies and protects surfaces such as vinyl, finished leather, plastic and rubber from dulling, cracking, fading and hardening.

Excellent for use on automotive vinyl tops, leather and vinyl seats, dashboards, luggage, sporting goods, hoses, television exteriors, shoes, handbags, jackets, furniture, cabinets, etc...

Completely safe to use, NON-FLAMMABLE, NON-TOXIC, NON-CORROSIVE and has a fresh aroma.

DIRECTIONS

Surfaces should be cleaned prior to applying this product. Apply undiluted using a clean cloth, sponge or by spraying directly on the surface. Cover the surface evenly and allow the product to penetrate surface pores. Wipe off excess material. Initial treatment may require additional applications. Apply periodically as needed to maintain excellent appearance and protection.

DO NOT USE ON FABRICS, FLOORING OR GLASS.

INGREDIENTS: Silicone Fluid CAS #N/A
