A revolutionary liquid metal wheel cleaner, brightener & restorer. **WHEEL BRITE** can be used on all wheel rims, hubcaps and wheel covers. Effortlessly and safely cleans your wheels with a spray on - wash off application, no rubbing or scrubbing is required. **WHEEL BRITE** is specially formulated to quickly penetrate and loosen heavy road film, grimy brake pad dust, and tough dirt. Eliminates dulling due to oxidation and brightens chrome surface to original luster.

DIRECTIONS

1. Spray onto cool, dry wheels. Clean one wheel at a time.
2. Saturate wheel with cleaner and let soak in for one minute, DO NOT allow cleaner to dry on wheel.
3. Rinse thoroughly with a strong stream of water from your hose.
4. Dry with a soft, clean towel to prevent water spots.
5. Extra dirty wheel may require a second application.

WARNING:

KEEP OUT OF REACH OF CHILDREN

FIRST AID:

Avoid contact with eyes and skin. Use in a ventilated area.

For Eyes - Flush with water for 15 minutes and get immediate medical attention.

For Skin - Wash immediately with soap and water.
